20 Per Cent DISCOUNT SALE

On Our Entire Stock of Merchandise

(5 and 10 Cent Counters Excepted)

For 15 Days, Aug. 6 to Aug. 23, Inclusive

On Cash Sales of \$1.00 or Over.

It is needless to take space to enumerate our different lines, as our stock is so well known. Suffice to say it is as clean and up-to-date stock of Crockery, fine China, Cut Glass, Common Glassware, Enamelled Ware and House Furnishing Goods as can be found in the State.

This sacrifice is made to reduce stock, as we must have the room for our new stock of imported goods that begin to arrive in September.

Remember 80c buys \$1.00 worth at this sale, \$10.00 worth costs you only \$8.00, \$20.00 worth only \$16.00. This is certainly worth taking advantage of.

No Rebate Checks Given on Discount Sales

Positively no credit given. All sales strictly cash.

No returns or exchanges will be allowed on sale purchases.

"Thelma's Heart" at the Theatrum. The scenes of this beautifully mounted and artistically colored picture are laid in ancient Rome. About a year ago Roach Bros. exhibited at the Comique a picture entitled "The Red Man and the Child." The picture was made by the Biograph company. It was the last Indian picture made by this company up to a little over a week ago, at which time the Biograph company made another picture of Indian life, entitled, "The Mended Lute," which is being run at the Comique to-day. We doubt that those who saw "The Red Man and the Child" will ever forget it. Yet in "The Mended Lute" the Biograph company has given us the greatest Indian picture that has ever been made. Completely outshining the previous picture in every way, we have been given a picture that is perfect in detail, scenic backgrounds, and acting. The incidents of the story are laid near Spirit Lake, Ia., just previous to the Indian outbreak of 1864. The subject as a whole is a combination of poetic romance and dramatic intensity. The scene is the most picturesque and thrilling ever shown.

BARRE CANDY KITCHEN

IN BUYING GROCERIES

the careful housekeeper makes every cent count. But she can't make the pennies count by trading at every store in town, spending half her time looking for the cent cheaper article. She can save money only by searching out a reliable grocer and sticking to him. The money is saved by trading with the grocer who sells dependable goods. Dependable goods are not to be obtained in every store. Goodness and cheapness appeal to every condition of humanity. There are no fancy prices here, and everybody is treated alike.

Our goods are cheap because they're good—it's not the price that makes them cheap.

Goods that are bought so cheaply that they have to be thrown away on account of poor quality are the most dearly bought goods.

Better pay a fair price in the first place and get the dependable kinds. You can't buy any other kinds here. We don't keep them.
